# Google Workspace for Education

Education Plus

Your all-in-one EdTech solution

Empower your school community with advanced security and insights and easy-to-use tools that enrich and personalize learning.

Advanced privacy and security controls

Protect your school with one of the most popular and secure cloud-based productivity suites, providing automatic protections, centralized visibility and controls, and powerful analytics.

Innovative teaching and learning tools

Empower educators to deliver impactful instruction with easy-to-use tools that personalize learning, simplify class management, and enable teaching and learning from anywhere.

Comprehensive EdTech solution

Reduce costs, improve security, and save time with an all-in-one solution. Education Plus eliminates the need for multiple costly tools and enables EdTech consolidation.

191% ROI

over three years reported by institutions using Education Plus[1]

Google for Education

Consolidate your tech stack with a comprehensive EdTech solution.

Reduce costs
Eliminate the need to invest in, administer, and support other EdTech tools

Improve security
Get protection from one of the world's most advanced security infrastructures

Save time
Access teaching and learning tools easily in one place using a single sign-on

Strengthen security and insights

Prevent cyberthreats before they emerge

- Prevent, detect, and remediate security incidents across your domain and get customized recommendations
- Block 99.9% of spam, phishing attempts, and malware in Gmail with AI-powered protections
- Get instant visibility into data loss prevention rule violations, compromised devices, external file sharing, and more

Centralize data and access management

- Manage privacy and security policies and control granular data and device settings in a unified tool
- Control who can access files, apps, and sensitive data by user identity, device security status, IP address, and more with context-aware access policies
- Support compliance with GDPR, FERPA, COPPA, and more while limiting data to the US or Europe
- Get an additional 20 GB of Drive storage for each paid license on top of the 100 TB of pooled cloud storage

Develop insights with analytics and data visualizations

- Get real-time insights and visibility into how students turn in, perform on, and engage with assignments
- Analyze product usage and potential security threats with advanced queries and data visualizations

Enrich teaching and learning

*Available on managed Chromebooks

Personalize learning experiences

- Help students learn at their own pace and offer hints when they get stuck, with the help of AI, using practice sets
- Integrate and assign leading third-party tools seamlessly with Classroom add-ons
- Build independent reading skills with in-the-moment assistance using Read Along
- Inspire the next wave of storytellers with easy video creation using Google Vids
- Get enterprise-grade data protection with the Gemini app

Save time and simplify class management

- Make the most of class time by sharing and pinning lesson content to students screens with Class tools*
- Gain visibility into individual and overall class performance, student engagement, and grade trends
- Integrate rosters and grading across your LMS
- Review student work for originality against material online and your school-owned repository of peer matches

Teach and learn from anywhere

- Deepen engagement with breakout rooms, Q&As, polls, transcripts, live captions, and recordings
- Include up to 1,000 participants or live stream in Meet

96%
of Forbes' next $1B startups use Google Workspace[1]

Google Workspace website

75%
of university students prefer Google Workspace as their productivity suite of choice[2]

The Emerging Workforce overwhelmingly prefers Google Cloud tools, Sada Systems Inc., August 2022
