

WebToffee Cookie Consent for Google Customers

WebToffee Cookie Consent is a consent management platform specifically designed for WordPress websites. It helps websites ensure cookie compliance with major privacy laws like GDPR, CPRA/CCPA, LGPD, and POPIA. Easily add a customizable cookie banner to your site for managing implicit or explicit user consent.

Value Proposition

Why should customers choose WebToffee Cookie Consent

- **Unlimited page views:** No limits on page views on your website
- **Advanced cookie scanner:** Scan your entire website to identify cookies used
- **Automatic cookie blocker:** Block third-party cookies/scripts until users consent to it
- **Granular control for cookies:** Enable users to manage their consent preferences
- **Customizable cookie banner:** Customize cookie banners to match with your website's design
- **Supports IAB TCF v2.2 and Google Consent Mode v2:** Ensures seamless integration with global privacy standards and frameworks
- **GeoIP-based consent:** Display location-specific cookie banners and collect consent according to applicable laws
- **Keep a consent log:** Maintain a detailed record of user consents with anonymized IP addresses

Languages supported: 175+ languages, with built-in translation available for 18+ languages. More added frequently
